

Canon's Commitment to Sustainability

Canon U.S.A. has been awarded the coveted 2023 ENERGY STAR® Partner of the Year - Sustained Excellence Award for continued leadership in energy efficiency for six consecutive years (2018-2023).

Canon has been a longtime partner of the ENERGY STAR® program, as well as a six time winner of ENERGY STAR'S Partner of the Year – Sustained Excellence Award. Their commitment to demonstrating exemplary leadership in energy efficiency and dedication to the ENERGY STAR® program have been an important contribution towards protecting the environment and public health, and we are grateful for their role in promoting clean energy.

imageRUNNER ADVANCE DX Lineup is Rated EPEAT® Gold

The entire Canon imageRUNNER ADVANCE DX line-up has been rated EPEAT Gold. An imaging device must meet an extensive list of environmental performance criteria before it can be listed on the EPEAT® registry. Some of these criteria are the absence of toxic substances, use of recycled and recyclable materials, design for recycling, product longevity, energy efficiency, corporate performance and packaging.
