imagePROGRAF PRINTING SOLUTIONS

HELPING YOU REACH NEW HEIGHTS

A FAMILY OF SOLUTIONS

LARGE-FORMAT PRINTING SOLUTIONS. CANON INNOVATION IN EVERY PRINT.

As a worldwide innovation leader for over 80 years, Canon has a legacy of cultivating breakthrough technologies. Its expertise in the areas of science, engineering, and manufacturing has produced world-leading imaging solutions and consistent placement among the top U.S. patent holders of the decade.

This corporate culture of technological innovation drives the company to produce an ever-expanding range of large-format printing solutions, each one carefully crafted to address specific customer needs in each market segment served. As a result, the large format family has grown into a broad array of solutions that offer Canon's customers more features, functions, and options than ever before.

Today, the line of Canon large-format printers is at the forefront of the industry. Canon's award-winning printers are an ideal platform for innovation. Specialized customer solutions and applications range from fine art and photography, to production printing, technical documents, and general purpose poster-making.

The following devices shown above, from left to right and top to bottom: PRO-6600, TZ-30000 MFP Z36, GP-4000 with optional roll unit, GP-4600S with optional roll unit, TM-355, TX-3100 MFP Z36, TM-340.

imagePROGRAF PRO SERIES

Professional photographers, graphic designers, and more desire a wide color gamut that accurately reproduces even the most difficult colors. From stunning black-and-white prints with deep blacks, detailed gradations to extraordinary color, the Canon imagePROGRAF PRO Series is designed to achieve it all.

- Archival LUCIA PRO II Ink
- High light resistant for long-term preservation of inks
- Improved black density with a wider dark-color gamut range
- Superb scratch resistance
- Color calibration

imagePROGRAF GP S SERIES

The GP S Series with orange ink is designed to achieve bold and robust outputs. These powerful production printing systems, with the newly developed 7-Color LUCIA PRO II Ink System, are built for bringing production signage, advertisements, and other output to the next level.

- LUCIA PRO II Seven-Color Ink System
- 96% of PANTONE™ Formula Guide Solid and Coated*
- L-COA PRO high-speed image processing engine can process high resolution and high volume data at high speed
- Ink ejection status monitoring
- Intelligent Media Handling
- Superb scratch resistance

imagePROGRAF GP SERIES

GP-4000

GP-2000

The GP series printers are the world's first large-format printers with aqueous pigment Fluorescent Pink ink*, equipped with Canon's unique Radiant Infusion which layers the Fluorescent Pink ink with other inks on the paper surface during printing to create bright and soft color reproduction.

The 44" GP-4000 and 24" GP-2000 are 10-color plus Fluorescent Pink ink large-format printers. With the Red, Orange, Green, Violet, and Fluorescent Pink inks, the imagePROGRAF GP-2000 printer has the largest color gamut of any imagePROGRAF printer to date.

- imagePROGRAF GP series, the world's first* aqueous inkjet models to include Fluorescent Pink ink
- The world's first PANTONE® calibrated printers for PANTONE® PASTELS & NEONS GUIDE coated
- Intelligent Media Handling
- Built-in color calibration

MODEL	MAXIMUM SIZE	INKS

PRODUCTION CAD / TECHNICAL DOCUMENT SYSTEMS

imagePROGRAF TZ SERIES

The imagePROGRAF TZ series seizes and expands the production aqueous inkjet market with its ability to print black-and-white line drawings and full-color posters on multiple media substrates that LED devices are unable to support. This hybrid model is uniquely qualified to capture market share where overall print volumes are trending lower and the need to get more out of a machine is a business necessity. This MFP includes the Z36 scanner and intuitive system controller, making it a powerful addition to Canon's portfolio of large format printers perfect for scanning maps, drawings, and renderings.

- imagePROGRAF TZ series — the fastest imagePROGRAF EVER
- Up to 4 D prints/minute
- Up to 244 D prints/hour
- Integrated 100-print capacity top stacker
- Dual-roll Intelligent Media Handling System that detects media type width and length
- Scan monochrome drawings at up to 13" per second and color up to 6" per second

MID VOLUME / GENERAL OFFICE

imagePROGRAF TX SERIES

The imagePROGRAF TX series large-format printing system is a platform designed to help meet the evolving needs of your customers. Canon innovations and a full complement of solutions help improve productivity, maximize utilization, facilitate access, and enhance security features—all in a seamless system that puts you at the forefront of the large-format printing industry.

- 5-Color LUCIA TD pigment inks
- Print speeds of up to 190 D-sized prints per hour*
- Wi-Fi (registered trademark) ready** and cloud-enabled***
- Scan-to-Copy/File/Share capability
- Scan monochrome drawings at up to 13” per second and color up to 6” per second

imagePROGRAF TM SERIES

The TM Series offers versatility and productivity to help meet the growing demands of today's marketplace. With a range of models, this series allows you to easily produce CAD documents, posters, banners, flyers, and more.

- 5-color Pigment Ink Set with New Magenta Ink
- Speeds of up to approximately 3.2 ppm for a 24" x 36" size sheet
- Automatic paper detection
- Color calibration system
- Flat-top design with 4.3" tilt screen
- Creative and workflow solutions available
- Multifunction solutions available

imagePROGRAF

Large Format Media

Canon media delivers consistently superb image quality and product performance. Rigorous testing helps ensure compatibility with imagePROGRAF printers to provide the best image quality possible.

Canon has the media to help meet your needs. Drafting designs, producing point-of-purchase displays, and creating photographic and fine art reproductions can all be accomplished with Canon imagePROGRAF printers and media.

PHOTOGRAPHIC

High-end photography and portraits demand excellent photographic paper, and Canon offers a wide variety to meet these printing needs. Accurate, clear reproduction of digital images is a breeze with Canon photographic and glossy media options.

FINE ART

Special artwork deserves special media. Paintings and digital art superbly reproduce on Canon Fine Art Media. Available in canvas, velvet, and water-resistant styles, Canon Media meets the challenge of fine art printing.

SIGN/BANNER/DISPLAY MEDIA

Eye-catching signs, bulletins, and announcements are easy to create with Canon large-format printers. To suit every application, our sign and banner media are tear-resistant and offer a variety of special features, including adhesive backing, vinyl coating, water resistance, and the ability to be repositioned.

COATED/BOND

Blueprints, maps, schedules, and sketches are ideally rendered with Canon large-format printers. These media are ideal for engineers and architects as well as CAD and GIS applications. For everyday use and draft printing, Canon has a wide variety of durable, inexpensive coated paper, available in both 150-ft. rolls and 300-ft. rolls (as well as 30-inch rolls).
